COMMODORE'S CORNER

Thankfully, my first newsletter finds us slipping past the hurricane season with a fantastic report! Although we watched the Gulf with careful eyes, we were blessed to not see any tropical weather this year.

I want to apologize for my lack of communication with our members but, as they say, "no news is good news".

We are still working on our dry stall construction and hope to have that finished in the very near future. We are pleased with the progress and know that the finished project will result in many new members added to our roster.

A great big "thank you" to Ricky Ware and his crew for moving forward to completion of the new dry stalls. Ricky, thanks for all you have done for the BYC!

We look forward to the new year and if there is anything that I can ever do for you or if you have any issues that need to be addressed, please do not hesitate to contact me.

I look forward to seeing you on the river,

Mike LaBrie, Commodore

Special "welcome" to the Yacht Club's new Dockmaster, Paul Morgan. Paul began working with us this year and we are thrilled to have him "on board". Paul comes to us from the Port Arthur Yacht Club and has a great deal of knowledge about marina work that we know will come in handy in his new position with us! Stop by and make him feel welcome!

He has already made great improvements at wet stall lockers, fresh paint at restrooms, well-kept grounds, etc. We also have a fresh look at the galley! Thank you, Paul!
